Dear Charlie,

We wanted to let you know that *early* this morning Julia Claire was born. She weighs 7lbs 2oz, and she and Harriet are both very well. The birth took place at home, as planned.

It would be wonderful to see you, so feel free to come and visit and meet Julia Claire whenever you want. (It might be best to give us a ring first, though). It would be great to catch up on your news too. Give my regards to all your family, I haven't seen them for such a long time.

Looking forward to seeing you,

Nick
